GASTRONOMY

Coral Coffee Shop Offers a variety of traditional Argentine dishes, characterized by classic sweets and pastries from the region: a selection of cold cuts, seasonal fruits, cereals, dairy products, and many more options. Products suitable for celiacs and vegans, both cold and hot, always ready to assist our guests.

Pierrot Bistró It is a relaxing atmosphere with good music, the ideal setting for lunch, dinner, or enjoying a Patagonian tea. Pierrot Bistró offers first-class cocktails and dishes, ranging from various tapas to traditional Argentine empanadas

Mora Restaurant It offers a summary of the greatest attractions of El Calafate, with a menu focused on preparations featuring grilled lamb, guanaco, and Argentine meats. Additionally, there is an exclusive selection of wines. One of our standout qualities is the production of homemade products such as artisanal breads, smoked goods, pickled items, and even gourmet ice creams.

Huerta y Fuegos It offers Patagonian lamb cooked on a stake, accompanied by vegetables from our garden. Curanto is the option for groups of 10 or more. This ancient meal is cooked underground, creating a unique, ancestral, and mystical feast to enjoy outdoors.

ZEN SPA

Calm and relaxation can be found in our jacuzzi, dry sauna, and heated pool measuring 70 m², which seems to extend into the waters of Lake Argentino. We also offer a massage room and a gym.
